DHINESH T

Java Full Stack Developer | Java | Spring Boot | React.js | JavaScript | SQL

9361866531 | dhineshthirumal25@gmail.com | linkedin.com/in/dhinesh-t-36b9b03a6 | github.com/Dhinesht212 | Marandahalli, Dharmapuri, Tamil Nadu

PROFESSIONAL SUMMARY

B.Tech graduate in Information Technology (2025) with hands-on project and training experience in Java, Core Java, and Object-Oriented Programming, combined with full-stack development skills across Spring Boot, REST APIs, React.js, JavaScript, and HTML5/CSS3. Comfortable working across both frontend and backend layers, with working knowledge of SQL/PostgreSQL and database management, and an understanding of how APIs connect the frontend, backend, and database. Skilled in Git/GitHub version control, debugging, and testing fundamentals, with a solid grounding in SDLC and Agile fundamentals. Strong problem-solving and logical-thinking ability, seeking an entry-level Java Full Stack Developer role to contribute to full-stack application design and development.

TECHNICAL SKILLS

Programming: Java, Core Java, OOP, JavaScript
Backend: Spring Boot, REST APIs
Frontend: React.js, HTML5, CSS3
Database: SQL, PostgreSQL, Database Management
Version Control: Git, GitHub
Software Engineering: Software Development, SDLC, Debugging, Testing Fundamentals, Agile Fundamentals, Problem Solving
AI/ML: Machine Learning, NLP, Google Gemini API
Cloud: AWS, S3, VPC (exposure)
Tools: VS Code

PROJECTS

Hotel Management System — Java, Core Java, OOP

- Built a console-based Java application for hotel booking and food-ordering workflows, applying core OOP principles (classes, objects, encapsulation, modular programming) to structure application logic.
- Implemented OTP-based verification for secure payment confirmation and validated billing calculations across multiple input scenarios.
- Applied debugging and iterative functional testing to validate the application against expected behavior.

AI-Based Question Generation & Answer Evaluation System — Gemini API, NLP, Python

- Developed an application integrating the Google Gemini API and NLP techniques to generate questions and evaluate free-text answers, with Python used for project-level data processing.
- Applied input/output validation, debugging, and testing to confirm question-generation and evaluation functionality worked as expected, gaining practical experience working with APIs and data-processing workflows.

Restaurant Management Database System — SQL, PostgreSQL

- Designed a normalized, multi-table relational database in PostgreSQL to manage menus, pricing, and customer records, applying relational database design principles.
- Developed and validated SQL queries for CRUD operations, multi-table joins, and structured data retrieval, ensuring data integrity — backend data-management skills directly applicable to full-stack application development.

INTERNSHIP EXPERIENCE

Machine Learning Intern — Internpe *Aug 2024 – Sep 2024*

- Applied data preprocessing and analysis techniques to clean and prepare raw datasets for model training, with hands-on Python/ML exposure.
- Built and evaluated machine learning models using standard performance metrics, applying structured problem-solving across the ML development workflow.

AWS Cloud Intern — LiveWire *Oct 2024 – Nov 2024*

- Configured core AWS services, including VPC and S3, gaining hands-on cloud fundamentals exposure for sample deployments.
- Applied problem-solving to set up cloud networking and storage components for scalable solutions.

TRAINING & CERTIFICATIONS

- Java Full Stack Developer Training — Code99 IT Academy (2025–2026): Core Java, Advanced Java, Spring Boot, REST APIs, HTML5, CSS3, JavaScript, React.js, SQL/PostgreSQL, Git/GitHub, SDLC and Agile fundamentals
- Masterclass on Data Science — Pantech e-Learning (2023)
- L&T EduTech Training Program — L&T EduTech (2022)
- UiPath Automation Explorer for Students — UiPath (2024)

EDUCATION

- B.Tech, Information Technology — Mahendra Engineering College, 2021 – 2025 | CGPA: 7.23
- HSC — Sri. Bharathi Vidyalaya Academic Hr. Secondary School, 2021 | 87%
